WHAT IS MSDA?

A BRIEF OVERVIEW OF THE MARYLAND STATE DENTAL ASSOCIATION

A Professional Association

The MSDA was established in 1883 and has been serving the dental community for over 125 years. As a professional association, the MSDA is the state level representation of the American Dental Association (ADA). Our membership is comprised of over 2500 dentist who make up a variety of practices. Our membership ranges from general practitioners to specialties that include orthodontics, periodontics, endodontics and pediatric dentistry, among others.

Membership brings a number of benefits which include, but are not limited to:

- MSDA Monthly Newsletter
- MSDA Membership Directory
- Free admission to the CDC Exhibit Hall
- Discounts of 25%-50% on a wide variety of Continuing Education Courses
- Special discounts with MSDA Endorsed vendors.

Best of all, being part of the MSDA family provides you with a network of professional peers and life-long friendships with leading professionals in dentistry.

Affiliate membership is open to dentists who are members of other state societies. Other types of memberships include students, grad students, recent graduates and retired dentist.

Programs such as Access to Care and Dentist Day demonstrate ways in which MSDA is helping the citizens of the state of Maryland understand the importance of oral health.

Types of Memberships Available

- Active
 - Dentist Licensed in Maryland
 - Discounts for Recent Graduates
- Student
 - Pre/Post Doctorate
- Associate
 - Engaged in Activity Related to Dentistry
- Affiliate
 - Members of Constituents Outside Maryland, but Have Interest in MSDA
- Life
 - 65+ years in age
 - Member of ADA for 30 continuous years, or 40 total years
- Retired

Understanding the Tripartite

The MSDA is part of a three tier structure called a tripartite. It is comprised of national (ADA), state (MSDA) and local (component) representation. While each part acts as a separate entity, we all work together for you. Affiliate and Associate members only have MSDA membership. They do not hold membership at all three levels.

For example, a dentist practicing in Columbia, MD would be a member of the ADA (national), MSDA (state), and the Howard County Dental Association (component). Dues payments would be made to our office and we would divide your payment amongst the three parties. Tripartite membership is designed to be mutually supportive. It also helps provide a consistent voice in lobbying activities.

In addition, each level offers you special advantages and benefits such as publications, meetings, social activities and peer review. Added together, the three levels of the tripartite become more than the sum of its parts!
